### Chabad of Grass Valley April 10

This year, Chabad of Grass Valley is opening its doors for its first ever community-wide public Passover Seder on April 10. This special event is open to all members of the Jewish community, regardless of affiliation, religious background or level of observance. The expected attendance is over 100. All are encouraged to participate in an evening replete with Jewish tradition including the Mah Nishtana, round handmade Matzah, four cups of wine, lively dialogue and song, children's program, and an exquisite Kosher for Passover dinner. This Seder is sure to provide an inviting atmosphere of warmth and acceptance.

"With current events on our mind and anti-Semitism resurfacing around the world, it's an opportune time to reflect on what kept our nation going for all these years," says Rabbi Nochum Yusewitz, coordinator of the Seder. "It's the Seder that has kept families together for thousands of years."

The theme of the Seder will be "The Unbroken Chain of Jewish Existence." The Seder will take participants through the wondrous liberation of our ancestors from Egyptian bondage, as well as help participants understand the Seder's relevance to today's Jew. The Seder will be interactive, warm and vibrant, interspersed with lively discussion through group participation as well as individual involvement. The Seder will take place at 7:30 p.m. on April 10, at the Foothills Event Center

### About Passover

Each year on Passover ("Pesach" in Hebrew) we recount the humble birth of the Jewish nation. Forged out of the harshest slavery, we were redeemed from corrupt Ancient Egypt through G-d's open miracles. In powerful Egypt, the Jews prospered until forced by their jealous hosts into slavery. Egyptian barbarism increased, until king Pharaoh decreed that every male child born be drowned! One child saved, Moshe (Moses), emerged as the agent of our redemption – bringing the Divine call to worship, promising freedom. Pharaoh's stubbornness incited ten miraculous plagues to G-d's omnipotence on the idolatrous Egyptians. Finally, He smote their first-born, "Passing over" the Jewish homes. The Jews marched out, only to be trapped by the Egyptians and the Red Sea; but G-d parted its waters and they passed to freedom. But this is not just an epic tale: Passover is the "Time of our Freedom" and in every generation, the Passover season brings with it a new liberation. Its highlight is the Seder, with colorful, tasty symbolism – Matzah, Four Cups of Wine, Bitter Herbs – that brings to life the power and the wonder of the Exodus, as we discover anew the freedom that is ours to bring to the world.
